

CALL FOR PROPOSALS

33rd Annual Conference

TRiO: Turning Dreams Into Reality in Partnership

The Association for Equality and Excellence in Education, Inc. will hold our 33rd Annual Conference “TriO: Turning Dreams Into Reality in Partnership”, Sunday, May 2, 2010 through Thursday, May 6, 2010 in beautiful San Juan, Puerto Rico.

To make this conference a success, we need TRiO and non-TRiO professionals to share with us their experience and expertise.

Prospective workshop presenters are encouraged to submit proposals on a variety of topics including, but not limited to, the administration of TRiO programs, best program practices, educational opportunities, and college access.

Pre-Conference workshops should be 180 minutes in length and Conference workshops should be 90 minutes in length – allowing time for questions and answers, and handouts are encouraged (handouts and visual aids are at the expense of the presenter). **While use of technology is encouraged, due to costs, presenters must make their own arrangements for AV equipment.**

Proposals will be reviewed with emphasis on quality (whether it is current, relevant, and thoughtfully prepared), innovation (whether it offers new approaches, best practices and/or facilitates dialogue for emerging issues), and interactivity (whether it involves audience participation).

By submitting a proposal, you agree to give AEEE permission to audiotape and/or videotape your session, if so desired. AEEE will receive no compensation for future use of taped sessions without first receiving permission from presenters.

No honoraria will be given to workshop speakers.

Complete the attached 2010 Call for Proposals form and submit it via email to Shanise N. Kent, J.D., M.B.A., AEEE 2010 Conference Chair, at AEEEconference@gmail.com by January 15, 2010.

Notification of acceptance and/or non-acceptance of proposals will be on or before January 29, 2010.
