33rd Annual Conference
TRiO: Turning Dreams Into Reality in Partnership

Dear Equality and Excellence in Education Supporters:

Join us at the Association of Equality and Excellence in Education, Inc., 33rd Annual Conference. The 2010 AEEE Annual Conference will take place at the La Concha Resort in beautiful San Juan, Puerto Rico and will focus on helping students turn the educational attainment dream into reality through innovative partnerships.

The conference is specifically intended for TRiO professionals; yet through networking and other established relationships, we attract numerous educational professionals, especially those who serve, underrepresented and/or special needs populations. We will invite educators, from high schools, colleges, universities, and agencies that host TRiO Programs, from across the United States.

AEEE is a 501(c)(3) organization whose mission is to provide employees of Federal TRiO Programs in the states of New York and New Jersey, and others concerned with providing equal access to education, a forum for collegiality, professional development, and all other activities that pertain to the interests and well-being of their programs and students. In accordance with Internal Revenue Service regulations, a portion of your contribution may be tax deductible.

As a participating sponsor, advertiser or exhibitor, we will introduce your business, product or service to a wide range of potential consumers. For sponsors, we tailor a program that ensures your visible presence throughout the conference. For advertisers, we insure that your message reaches members and participants through print and electronic media. For exhibitors, we provide you with a designated space during the conference to sell your products or services to participants. In addition, we customize these opportunities to help you accomplish your specific advertising, marketing and promotional needs.

We look forward to working with you collaboratively to focus your advertising and marketing efforts toward educational opportunities and other helping professionals as part of the AEEE 2010 Annual Conference.

Sincerely,

Anthony C. Culpepper, Jr.
President
